Explanations

1. The shareholder indicates his instruction by placing an "X" in the appropriate box. In case where shareholder authorises the proxy to vote in a non-unified manner from the part of his shares, in the box "Instruction" concerning appropriate resolution, the shareholder should indicate number of the shares for which the proxy is to cast a vote of "for", "against", abstain from voting or to vote according to the Proxy's will. If no such number is indicated, it will be assumed that the proxy is authorised to vote all of the shares owned by the shareholder in the prescribed manner.
2. Considering possibility that the above proposed resolutions may differ from the proposed resolutions voted on at the Ordinary General Shareholders Meeting, it is recommended that in the box marked "Other" the manner in which the proxy should vote in this situation be described.
3. Hereby form does not verify the manner of voting through proxy and does not supersede the proxy authority granted to a proxy by a shareholder and it is not obligation to use that form.
